Dear Sir/Madame:

It is with pleasure that I recommend Rionna Cooper for consideration for a position with your company. Rionna is a very capable, respectful student with goals and objectives to attend and graduate from College.

Rionna joined our church, Greater Quin A.M.E, at a very young age and we have watched her grow up and excel ever since. She succeeded her goal to graduate high school and has continued to work hard at Central State University. Her mind set is to stay on the Dean's List the rest of her years attending.

Greater Quin is more than just a church, but also a place where the youth have an opportunity to travel to many different places and meet many different people. The church teaches unity and communication skills. If you have any questions about Rionna, Greater Quin or any other aspect of her capabilities, please feel free to contact me.

Sincerely,

A. Williams

Police Officer
